

# Suryakant Rajkumar Mali

Java Developer

 +91-9209245076    suryakantmali2008@gmail.com    LinkedIn    GitHub

## Professional Summary

---

Detail-oriented BCA graduate (CGPA: 8.75, 2025) with strong knowledge of Core Java, OOP, SQL, HTML, CSS, JavaScript, backend development, and database handling. Built console-based applications with CRUD operations, validations, and exception handling. Quick learner with strong analytical and debugging skills, eager to start a career as a Junior Java Developer.

## Projects

---

### Student Management System (Core Java)

Console-based Java application to manage student records using OOP concepts and Collections. Implemented CRUD operations with validations and exception handling for smooth data handling.

#### Key Features:

- Add, update, delete, and search student records
- Used Collections framework for data handling
- Input validation and exception handling to avoid runtime errors
